

NCIX Teams Up With the National Security Institute for IMPACT 2003! Conference and Expo

The National Counterintelligence Executive is pleased to announce its participation at the National Security Institute's (NSI) 18th Annual Security Forum to be held at the Fairview Park Marriott in Falls Church, VA, April 28-30, 2003.

Under the theme "Security Threats on the Horizon. . .Connecting the Dots," IMPACT 2003! Will feature nearly two dozen timely sessions featuring key Government officials and the most respected experts in the security field.

A respected forum for Government and industry security managers, this year's event will include a free exhibition and Security Awareness Fair showcasing the latest in security products and training materials. A wide range of Government agencies will participate including: the Interagency OPSEC Support Staff, FBI, NSA, DSS, Dept. of Navy, NRO, NCIX, DIA, DoE, and the Defense Threat Reduction Agency.
